SUMMARY

Dedicated 5+ years experience in Graphic and UI/UX Designer. Transforming user needs into engaging digital solutions. Follow design trends, fostering innovation, and driving impactful results through strong team collaboration and also great attention to detail. Proficient in Figma and Phase, I excel in diverse environments, from dynamic startups to established manufacturing firms.

SKILLS

Tools: Figma, Phase & Adobe Illustrator.

Methodologies: Design Thinking, Lean UX, Agile/Scrum, and User-Centered Design (UCD).

Programming Languages: HTML & CSS.

Expertise: Wireframing, Prototyping, and User Interface & Experience Design.

WORK EXPERIENCE

PT Pudak Scientific | UI/UX Designer – *Bandung, Indonesia*

Contract | Aug 2024 - Present

- Drove digital transformation initiatives, building features in Tulip to streamline manufacturing processes, including NCR and Benchwork tracking. Also build a company website from design to publish.
- Designed a mobile application for employee attendance tracking, utilizing Figma as my primary design tool.
- Collaborated with the multimedia creative team on various projects, delivering presentation templates, posters, company profiles, and brand guidelines.

Beleaf Farms | UI/UX Designer – *Jakarta, Indonesia*

Permanent | Feb 2023 - Jun 2024

- I was responsible for the end-to-end design of the Mitra OS mobile app, specifically tailored for our partners. My process involved using Figma for wireframing and prototyping, complemented by Adobe Illustrator for creating engaging illustrations. I also utilized Phase to develop the app's interactive introduction.
- My role extended to redesigning company websites, ensuring alignment with our vision and mission. For this, I leveraged Figma as my primary design tool and WordPress with Elementor for development.
- Furthermore, I was instrumental in designing the user interfaces for the company's internal admin panel web application called Beleaf OS and tablet application called OpenField OS for farmers and outdoor needs.

Arasy Studios | Graphic Designer – *Jakarta, Indonesia*

Freelance | Nov 2019 - Nov 2022

- Partnered with leading brands such as Astra Daihatsu, Aqua, and Bank Danamon on a variety of projects. My responsibilities included character design, 2d animation, game assets, UI/UX design, video and photo editing, logo and icon design, creative campaigns, and social media management."

PT Jaringan Makmur Dunia | Graphic Designer – *Jakarta, Indonesia*

Contract | Nov 2018 - Oct 2019

- My role involved comprehensive design management for all company needs, ranging from digital platforms to print collateral like banners, vouchers, tickets, product packaging, and logos. Additionally, I managed the company's social media presence. I use Photoshop and Illustrator as my core tools.

EDUCATION

Universitas Komputer Indonesia (UNIKOM), Bandung – Bachelor of Design in Design Communication Visual

2017
